73023(35) Incubated egg 15 hr. - 80%
some extraction, overall uniformity
of cytoplasm and nucleus,
little shrinkage

73023(47) Good
73023(49) very good
73023(62) mito good + mem. — slight appearance
of extraction
73023(64) Good (slight swelling in some mito.
73023(65) Good (mito. all reg. shape)

73023(69)
(70)

7.
73023(52) irregular fixation top to bottom
extraction, shrinkage (density),
irregular (crinkle) shape of membranes

73023(50) * Pattern in cytoplasm & Nucleus
51 More shrinkage than 52

*

55 - Extraction, Swelling in Mitochondria
Pulling away around nucleus, microtubules gone

64
65 } - Look of some extraction (slight)
62 irregular fixation & area to area -
mitochondria mostly good, with some
swollen and some extraction
Yoke granules - no shrinkage
